

Fujitsu General Group Contribution to Humanitarian Aid for Ukraine Crisis

Fujitsu General Group will donate 50 million yen to UNHCR, the UN Refugees Agency, to provide urgently necessary humanitarian support for the many people displaced by the ongoing crisis in Ukraine and countries in the surrounding region.

Although our group does not have any direct business operations in Ukraine, we are extremely saddened by this tragedy. Our corporate philosophy is "living together for our future," and we sincerely hope that the difficult situation would be resolved as soon as possible and that the displaced people would be able to return to their homeland and peaceful daily lives.
