Fujitsu Infinity Partner Scheme

Why are Fujitsu moving extended warranties from Comfort Club to our Infinity Partner Scheme?

We want to simplify the process of holding our warranties and have decided the best way to achieve this is to have a scheme that is exclusively tied to our warranties. With that in mind we proudly present our Infinity Partner Scheme.

What does the Infinity Partner Scheme give me?

1. The Infinity Partner Scheme provides members with an additional 2 years warranty
2. When you spend more than £50,000 on Qualifying Fujitsu product you will also gain access to the marketing fund. Fujitsu will give you 1% of your total spend to be used to purchase personalized and Fujitsu branded merchandise. We are providing a catalogue of items for you to purchase from.
