Automatic airflow adjustment function
This unique and innovative function detects required air flow in each application case and automatically adjust the volume.

Low ambient operation
-10°C
-15°C at Cooling

Small and light weight outdoor unit
This model is much more compact than conventional outdoor unit. It can be installed in a smaller place.

High efficiency and quiet operation
The combination of the V-shaped heat exchanger, air stabiliser, and the high efficient DC fan motor allowed high efficiency and quiet operation.
