

AIR HANDLERS

FUJITSU

FH**TPS Air Handler

The Fujitsu FH**TPS Air Handler is designed to be energy efficient and quiet - providing you with a higher level of comfort.

REDUCE ENERGY BILLS

The FH**TPS is designed to exceed minimum efficiency standards and delivers savings every time it is in use.

BENEFIT – PACKED OPERATION

Our Air Handler is convertible for various system requirements, and the compact design and sound control elements help ensure that it operates efficiently.

QUALITY CONSTRUCTION

The FH**TPS Air Handler delivers quiet operation and long lasting performance.

ENJOY THE BENEFITS OF A HIGHER LEVEL OF COMFORT

The Fujitsu FH**TPS Air Handler is engineered to improve comfort all year long. The unit's versatile design makes it a great fit for any system and keeps your home conditioned just the way you like it.

HUMIDITY CONTROL

A new Fujitsu Handler will help manage humidity levels in the home, improving your comfort and helping you save money on energy bills.

EFFICIENT HEATING & COOLING

Fujitsu Air Handlers feature a flexible design that allows them to meet the needs of a variety of systems. Your Contractor will recommend a unit that will best meet your home's airflow needs. The **1** factory-installed indoor aluminum cooling coil is the key component for your air handler. The coil is essential to humidity control and improved system performance, and the high-quality standards used in manufacturing result in fewer maintenance calls.

QUIET OPERATION

The Fujitsu FH**TPS Air Handler is designed with a **2** sturdy steel cabinet with **3** one inch of foil-faced insulation, offering excellent thermal and sound insulation.

VERSATILE DESIGN

The 4-way convertible design of Fujitsu Air Handlers allows the unit to fit in with the design of your home.

QUALITY DESIGN

The FH**TPS Air Handler features a new lanced fin design for maximum performance and increased efficiency. A new high-grade condensate drain pan keeps the unit operating smoothly, especially when the weather heats up. And the corrosion-resistant aluminum endplates keep your unit looking as good as it runs.
